

## Payentry

The JULY Payentry Employee Access solution streamlines payroll management by allowing employees to access and manage their payroll-related information online.

### Empower Employees

With Payentry you empower employees to access what they need, when they need it, cutting down on frustration and time spent on paperwork and duplicate requests.

### Convenient Features

The Payentry website allows employees to access and manage their payroll via their PC, tablet, or mobile phone, and includes a comprehensive list of payroll-related and HR features.

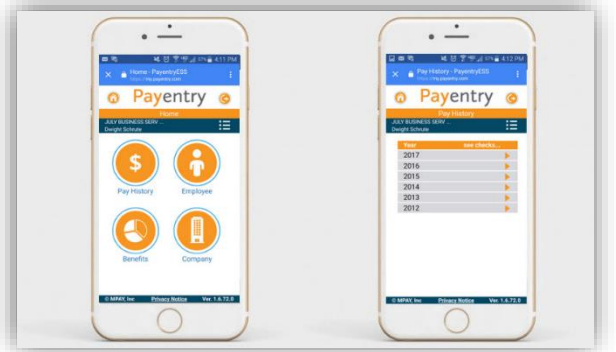

- Change address, phone number and other employee information
- Access pay history, including gross wages, deductions, taxes, and net pay
- Download year-end tax forms including W-2s and 1099s
- Download pay stubs from previous payrolls
- With the optional time and attendance solution, employees can input time, request time off, and obtain supervisor approval.

### Secure, Multi-Layer Authentication

The Payentry Employee Website utilizes secure, multi-layer authentication providing an extra layer of security to keep employee information safe and secure.

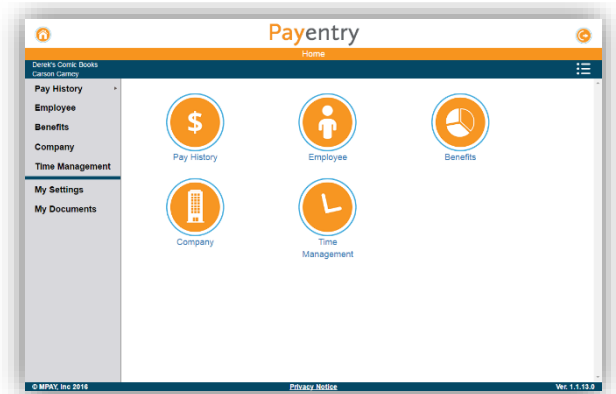

### Mobile Friendly

Employees can access their information on-the-go via the responsive, mobile-friendly website.

### Easy-to-Use Interface

The website has a simple design making it easy for employees to find what they need when they need it.
