

JULY Payroll

Time-Saving Payroll Solutions for Small Employers

JULY provides a competitive and hassle-free payroll solution for small and mid-size employers that saves time and lowers costs. Our solution is comprehensive and includes payroll and tax management, HR solutions, time and attendance, and integrated retirement plan administration.

Payroll Management

Payroll Tax Management

Human Resource Support

Automate Hiring and Onboarding

Time and Attendance

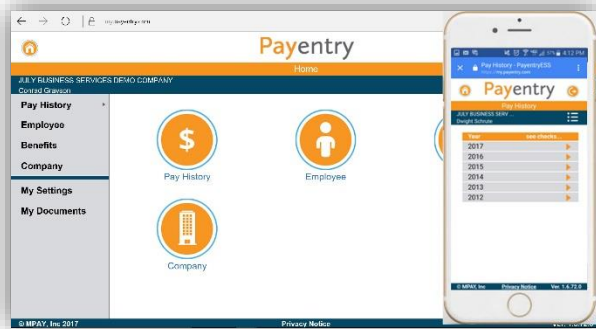

Integrated Retirement

Cost Competitive

Dedicated Client Support

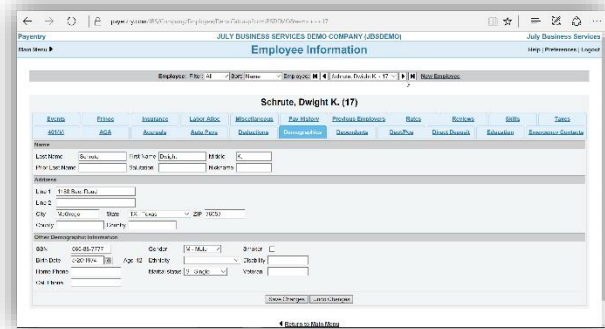

Modern Technology Interface

Our Payentry payroll technology is a modern, user-friendly web interface that makes managing employees and running payroll a breeze.

Employee Access

Employee Access is available via a mobile-friendly website for updating employee information, submitting time and attendance, reviewing and updating demographic information, viewing prior payroll information, and downloading year-end tax forms like W-2s.

Online Payroll

Employers have access to a payroll website that makes processing payroll a breeze. Review and update employee time, add new employees, change or update deductions, process payroll, and view reports. All with support from a friendly, knowledgeable client service specialist.
